Good wishes for Advent & Christmas

“What a mess we are in! We’ve never seen things as bad as this before.” Well, we may indeed feel these are fair assessments of what’s happening in our country, and indeed elsewhere, but probably our country has seen far worse days. What is true to say is that seemingly many people feel anxious and worried at the lack of certainty about what is going to happen in the future. Having something or someone to trust in seems a significant part of what it is to be human.

Probably the truth is that there were never such guarantees anyway, at least in human structures! Having a hope for the future goes beyond what we see, hear and touch. And for me as a Christian, knowing that God offers love, forgiveness and security through all the challenges and difficulties that get thrown at me, brings tremendous peace.

This Christmas, why not consider trusting him yourself?

Pastor Sam Griffiths

Wellington Baptist Church (WBC) is a group of ordinary, everyday people who worship God and who have come to know Jesus as friend and Saviour. Many have started their spiritual journey here, and you’d be welcome to do so too.

We have active Youth & Children’s Groups, and numerous mid-week activities for all ages.

WBC is in South Street, opposite Oxfam and South Street Motors. We have ample parking and disabled access.
